

# 6-PIECE QUICK RELEASE KEY RING BIT HOLDER SET

Enhance your tool kit with the 6-piece Quick Release Key Ring Bit Holder set, designed for convenience and versatility. Each holder features a 1/4-inch hex shank and is constructed from durable carbon steel, ensuring reliability and durability for various tasks.

The quick-release mechanism allows for effortless swapping of bits and improves efficiency while on the job.

A clip is included for easy storage, which can also be clipped to a tool belt, improving accessibility, making this set ideal for professionals and DIY enthusiasts alike.

Whether you're a professional tradesperson or a dedicated DIYer, the 6-piece Quick Release Key Ring Bit Holder set offers convenience, durability, and efficiency. With its quick-release mechanism, sturdy construction, and included clip for storage, this set is a must-have addition to your tool collection, ensuring seamless performance across various applications.

## Key Features

- **Quick Release Mechanism:** Quick-release feature enables rapid and easy bit changes, saving time and effort.
- **1/4 Hex Shank:** Compatible with a wide range of drill drivers and impact drivers, across all brands of power tools.
- **Carbon Steel Construction:** Carbon steel construction ensures durability and resistance to wear. Provides strength and longevity, suitable for heavy-duty use.
- **Clip Included:** Allows convenient storage and portability, keeping bits organised and accessible.
- **Colour Coded:** Helps user identify choice of driver bit.
- **Compact Design:** Key ring format with a clip for easy attachment to tool belts or storage systems.
